Famatel.uk

Smart technology, **Smarter Caravan Parks**

Connect hardware + Cloud software + simple guest payments.

**Illustrative mock-ups for visual representation purposes only. These images do not depict the actual ePitch platform or its live data.*

Smart Hardware	Park Management Platform	Guest Web Portal
Accurate metering with optional switching control.	*Full site visibility, reporting and control.*	*Check usage and top up online (no app required).*

- MID class 1 metering
- No site WI-FI required
- 4G with 2G fallback
- Low Balance alerts
- No guest app download
- Park System integration

How it works → **Pitch Electricity** Meter usage on each pitch. → **4G/2G fallback** SIM based connectivity (no site wi-fi required). → **ePitch** Cloud Platform → **Park operator** - Manage, monitor and report; **Guest** - View usage and top up.
