
Price increase 1st April 2022

28/02/2022

Dear customer,

Due to manufacture raw material increases we are having to raise our prices from the 1st April 2022.

As you will be aware we have always kept our prices as low as possible.

The price increase will be 6% across the complete range, of products from Famatel UK.

The speed of our notification is in line with critical raw, material increases across the europe and the rest of the world.

The new net price list will be sent out by the end of this week.

Kind regards

Robert Pratt
